REVIEW OF SOLAR ARCS ASTROLOGYS MOST

SUCCESSFUL PREDICTIVE SYSTEM

- I don't understand it... There are thousands of books out there, all sorts of garbage that you can find at any run-of-the-mill bookstore, and when there is a provocative and profound study of the ailments of society, and HOW they can be CORRECTED...it cannot be heard - for it is OUT OF PRINT. And most people only care about the Fabio-cover pages and unimaginative fiction. As JKG puts it "[life in society] can also be pleasant - a womb in which the individual rests without the pain of mental activity or decision."JKG wrote this in the Affluent Society : "Nothing counts so heavily against a man as to be found attacking

the values of the public at large and seeking to substitute his own. Technically, his crime is arrogance. Actually, it is ignorance of the rules. In any case, he is automatically removed from the game." I'm not sure if he was 'seeking to substitute his own' ideas, but he gave an option for emancipation - to free oneself from persuasive grasp of big business. So I guess Economics and the Public Purpose broke the rules by enlightening the readership to this option, and it is now destined to be left in the care of a few university libraries and the occasional footnote. Tragic. It's a really good book.

- Product arrived as promised. Slightly more used than I expected, but still satisfied with product
