Join our area today and begin your trip into the world of literary works with simple downloads of all your preferred publications like **Dictionnaire Le Visuel Junior!**

## REVIEW OF DICTIONNAIRE LE VISUEL JUNIOR

- I couldn't put this book down. It was very in depth and made me question the bonds of loyalty and family and the choices we must make in our lives. Shows how different things used to be. Kept my attention the whole time and I loved all the surprises along the way!

- I will start by saying that the book is entertaining.....if you care nothing about historical accuracy, you'll probably really enjoy it! Gregory took what is an incredibly interesting topic and turned it into a sleazy, tabloid read. Gregory just twisted or omitted facts to suit her novel and that really annoyed me. It is widely recognized that Mary is older than Anne. There is no proof that either of Mary's children are Henry VIII's. When Anne banished Mary from court, Mary never returned, but in the book, she is summoned back and witnesses Anne's downfall. Completely inaccurate. I found it appalling that in the book, Mary even sends Anne a letter while she is in the Tower. I've read many Tudor experts say that Mary never contacted either George or Anne at all after they were taken to the Tower, and Mary's daughter Catherine most certainly was not there. Also, it is commonly accepted that King Henry declared Anne the care of Henry Carey after his father died, there is no evidence to support that Anne demanded him and "stole" him from Mary. The author just adds in these ridiculous tidbits to continually portray Anne as some crazy, horrible shrew. Gregory put several known lies about Anne in the book. There is also no historical evidence that Anne gave birth to a "deformed monster", nor that it was fathered by her brother George. I felt this was a cheap way to "dirty" up the novel to make it more interesting. Upon her own execution later, Jane Parker admitted she lied about George and Anne Boleyn's alleged incestuous affair. So I don't think Gregory had any reason to insinuate that it actually happened other than to make her novel juicier. I can't respect that at all. I concede not much is known about Mary Boleyn, so it must have been challenging to create a whole book from her perspective, I just wish Gregory had respected the widely accepted facts from the era and not basically made her own cheapened version of history. What saddens me is that a lot of people who don't know much about the Tudor era will accept much of this novel as fact when it is not.
