The one-of-a-kind narration design, relatable characters, and story spins make it a beneficial enhancement to your shelf. So, if you're searching for a captivating read, Dictionnaire Le Visuel Junior is certainly worth taking into consideration.

## REVIEW OF DICTIONNAIRE LE VISUEL JUNIOR

- I read this a few years ago because it was the latest craze. A fifteen year old (who finished it when he was 19) wrote a 550 page book! Most teenagers aren't exactly great writers, so I felt I had to check this out. The book? 550 pages of derivativeness, pointless description (especially that of a certain elf's cleavage), and a carbon copy of Star Wars. For starters, 80% of the book is description of either the terrain or of hot elves, and yet I have no idea what the main character looks like. Not to mention the fact that Paolini obviously wrote it with a thesaurus by his side. Machicolated?! We have no idea either. I'm not sure whether that was in Eragon, or Eldest, but what the hey? And then the plot. Yaargh. Take Star Wars, set it in medieval times, replace robots with dragons, and take out any originality. That's basically the plot. And as for Eldest, take everything I said here and multiply it by 5. Yup. It's that bad.

- This reminds me of some boy band covering one of the classics. It's not bad as such, it just keeps reminding you how much better it's been done elsewhere. The story is totally derivative. I accept that it's difficult not to be these days, but sadly there's not an ounce of originality and far too much direct copying. Even then, if the story was a page-turner, you might be OK but it drags most of the time. Goodness only knows how the author is going to keep it going for two more books. Read the Pern stories, Tolkein, Ursula la Guin to see how it's really done.
