### **REVIEW OF ZIMSEC O LEVEL MATHS PAST EXAM PAPERS**

- In a mythical or maybe just forgotten time, many creatures lived in places like the Shire, home to Bilbo Baggins, Hobbit. Hobbits are comfort loving creatures with no real sense for adventure. A

knock on the door and Bilbo's life is about to change. Calling this book children's book is like calling "Alice in Wonderland" [see "The Annotated Alice"] a children's book. Yes children can read this book and it is fun. How ever there is a lot more to this book than a cute story. And it has all the depth of the other Tolkien works with the exception of being shorter. Many people look at this story as a prequel to "The Lord of the Rings", where in reality it is a stand-alone story with a perfectly good beginning, middle, and end. When you read "The Lord of the Rings" there is enough description to forgo "The Hobbit." Personally, I find that reading The Lord of the Rings first gave me the in-depth background to better appreciate The Hobbit. Many of the creatures and adventures will put you on the edge of your seat. You will recognize the personalities and grow along will Bilbo as he faces new challenges as he learns to deal with life. A good book to read first would be "The Power of Myth" by Joseph Campbell. Then you get a clearer picture of why the story progresses as it does. Joseph Campbell and the Power of Myth

- I was reading some of these reviews and I am quite shocked! These people that don't like this book are just to stupid to understand it. Their sense of adventure is completely thwarted. Of course little kids aren't going to understand this book, but I was 10 the first time I read this book and I was captivated from the beginning to the end. I am now 14 and I have read a lot of different kinds of books and still I have not found one that kept me turning pages like The Hobbit. THIS IS EASILY THE BEST BOOK I HAVE EVER READ!!
