## **REVIEW OF ALIGNING TRAINING TO BUSINESS RESULTS**

- All I did was open the book. From the first page I couldn't put it

down. Never have I appreciated Vermeer so, until I saw his work through Susan Vreeland's eyes. Novels that transport the reader to another time and place are rare these days. This one does. I loved it!

- I loved how the story was about the painting and how it has touched so many lives through time. So often in life we do not think about how our actions will affect other people, and this told the story of a painting that did.
