REVIEW OF FREQUENTLY ASKED QUESTIONS PRISM COSEC

- In a society where pain, fear, and emotion have been deleted, one person known as the Receiver holds the collective memories of mankind. Now Jonas, a happy twelve year old, has been chosen to take the position of the Receiver. As Jonas learns more about the way humanity used to be, he comes to the realization

that no society, no matter how well ordered and efficient, can compete with true feeling. He sees the hypocrisy and coldness with which his world operates, and cannot stand it. Now, he must find a way to bring emotion back to the world. And he will do it, even if it means doing the unthinkable. Lois Lowry has created a world that is so well ordered that it runs with little trouble. Much like the society that Adulous Huxley created in Brave New World, these people have given up the freedom to feel in favor of order and control. The Giver's society is completely socialistic, and this helps create a feeling of familiarity with our world. Lowry's commentary on socialist society helps us address the question of how anybody could live without personal freedoms. The Giver makes it easy to see how one could atrophy in a society which produces ease, simply submitting in favor of a good job and easy life over uncertainty. Because of this, Lowry's book succeeds beyond the likes of 1984, because her society seems close enough to be frightening. After all, a society caused by a collective submission could occur much easier than one caused by the worldwide takeover of a government force.

- This book has generally been described as a book about a utopia, while we ignore the pressing issue: this book is a dystopia. Much more that a miscategorization, this book is generally poorly written. With little to no figurative language, how can we expect our children to learn to write while reading just the basics of language. Metaphors and irony make political commentaries good. There are also logical errors in her book. It does not follow that death and leaving the bounds of the community would have the same consequence, yet in The Giver,

they do. There are much better books that offer much the same message of *The Giver* while using better language and better logic like *Brave New World*, *Fahrenheit 451*, *Anthem*, and *1984*. If we are looking to educate on a dystopia, any of those books would provide much more substance.
