Why just reuse a bucket when you can reinvent it? The New 5-Gallon Bucket Book updates a quirky classic with 30+ new ways to take those old buckets and put them to use. Five-gallon buckets are ubiquitous and cheap (or even free). They are right up there with some of man's best inventions, like the wheel and sliced bread. Sure, they can be useful on their own, holding stuff or transporting stuff from place to place. But that's no fun. Put them to use around the house, garden, or farm instead! With common tools and the instructions in this book, you'll find 60+ ideas and projects to make today. Connect with your inner engineer as you: Make something for around the home, like a shoe rack, trash compactor, water filter, or mousetrap. Become more self-sufficient, with a chicken waterer, egg incubator, nesting box, or bee feeder. Have some fun with an air cannon, beanbag toss, drum set, or washtub bass. Get creative by dressing your kid up in a bucket costume for Halloween, making a boat anchor, or a set of music speakers. Grow more in the garden with a sweet potato starter, rolling composter, Japanese beetle trap, vermiculture bin, or walking watering can. As you can see, there's no shortage of ways to put these humble and hard-working mainstays to work past their prime and keep them out of landfills. Simple step-by-step instructions, as well as parts lists and images of the completed projects, make sure you will have fun and love the results of your work.

PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland* ELEGIES ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible*

Child, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

By his early thirties, Paul Allen was a world-famous billionaire-and that was just the beginning. In 2007 and 2008, Time named Paul Allen, the cofounder of Microsoft, one of the hundred most influential people in the world. Since he made his fortune, his impact has been felt in science, technology, business, medicine, sports, music, and philanthropy. His passion, curiosity, and intellectual rigor-combined with the resources to launch and support new initiatives-have literally changed the world. In 2009 Allen discovered that he had lymphoma, lending urgency to his desire to share his story for the first time. In this classic memoir, Allen explains how he solved problems, what he learned from his many endeavors-both the triumphs and the failures-and his compelling vision for the future. He reflects candidly on an extraordinary life. The book also features previously untold stories about everything from the true origins of Microsoft to Allen's role in the dawn of private space travel (with SpaceShipOne) and in discoveries at the frontiers of brain science. With honesty, humor, and insight, Allen tells the story of a life of ideas made real.

In the past two decades, several U.S. states have explored ways to mainstream media literacy in school curriculum. However one of the best and most accessible places to learn this necessary skill has not been the traditional classroom but rather the library. In an increasing number of school, public, and academic libraries, shared media experiences such as film screening, learning to computer animate, and video editing promote community and a sense of civic engagement. The Library Screen Scene reveals five core practices used by librarians who work with film and media: viewing, creating, learning, collecting, and connecting. With examples from more than 170 libraries throughout the United States, the book shows how film and media literacy education programs, library services, and media collections teach patrons to critically analyze moving image media, uniting generations, cultures, and communities in the process.

REVIEW OF EBT BENEFITS PICK UP CALENDAR 2015

- For centuries sailors have relied on the constellations of heavenly lanterns to guide their way. In crisp, vivid prose, Marian Wright Edelman tells us about the heroes who provided beacons of hope and inspiration, helping her find her way through the many moral dilemmas of life and stay on course. What is interesting is the sheer variety of backgrounds Dr. Edelman's heroes have. Nevertheless, they all share the author's passion for human rights and social justice. As a bonus, Dr. Edelman gives a brief history of the civil rights era, a nice complement to two other fine books on that fascinating topic, Taylor Branch's "Parting the Waters" and David Halberstam's "The Children." This book is much more a memoir. It is a call of action and an inspiration for all of us to act for the common good, to serve the community. It is up to the current generations to act as a positive role model for the next, much as Dr. Edelman's mentors did for her. Mentors, lanterns, are important at all times, during the economic boom of the late 1990s, when this book was written, as well as in the troubled initial years of the 21st century. There are already too many ships out there lacking a sailor to read the stars. And some ships don't even have a rudder.

- Although her story may not leave one with a warm feeling for Dominica, just reading this book made me ache for the places in her story, and I see every inch of the road, the mountain, the sea, like it was in front me. She weaves it all together into sad life and yet, how can you not long to see Giraudel and Mahaut, Trois Piton, and all deep green of that mystical place. I read it over and over and over.
