How To Learn Guitar: An 11-Step Programme For Beginners

New - from Amazon #1 best-selling music author Ben Parker ! This book is the perfect introduction to the Guitar for kids of all ages ! With no sheet music to follow, kids can easily follow the clear and simple diagrams and photos to learn their first chords, play fun tunes and gain confidence playing their first guitar!

The problem that a lot of beginners run into when first starting to learn how to

play is that they're so excited to dive into playing music, that they often neglect to actually learn the parts and pieces that come together to make their guitar. Learning how to properly identify the strings on your guitar will make the entire learning process so much easier (and less frustrating) down the road.

REVIEW OF MY FIRST GUITAR LEARN TO PLAY KIDS

- This book won't keep you on the edge of your seat, it will keep you leaning back in an armchair asleep. Eregon is an idiot. He's always whining, getting knocked out, whining, getting beat up, whining, snapping at someone, whining. Poalini, we hate whimpy cry-babies! He

becomes an expert swordsman in a few months? Trust me, all that can be learned in a few months are the basic moves, and there's a lot more to swordsmanship than the moves. It's clear that Paolini didn't study the subject before he wrote about it. In one sequence while he's fighting he's "combining different moves". You can't combine different sword moves, that's like combining walking and sitting. Of course he has to fall in love with the beeeeeeautiful girl (why she likes him is beyond me.) I heard that the character Angela (why do the women have normal names?) was based on Paolini's sister. If I were her I'd sue him! Angela is the second stupidest character in the book! The battle was completely undescribed. How does Saphira suddenly wind up

surrounded by Urgals (don't even get me started on them) who are sticking her with spears piercing her armor which was supposed to be sooooo strong, and she can't fight back. And during the battle all Eragon seems to do is see his friends fighting. Arya, Eragon's love interest, was so over-described that I got sick. She has long, flowing dark hair, slanted eyebrows, a scar on the cheek (strangely enough like Liv Tyler in LOTR) Eragon has dark eyes and dark hair but that's all we know about him (a bit like Paolini, hmmm might have uncovered something there). Almost all the story lines were copied from something else. Here's something I can't figure out: Eragon's uncle gets killed, he rushes off to kill the Ringwraith-like killers. As soon as they encounter them Eragon decides

not to kill them. Why?! As soon as they disappear, he starts having dreams and visions about some girl who is in prison, and of course, he, Eragon, aka Superman, must rescue her even though she has absolutely nothing to do with anything except nothing! Then he decides he must go fight the evil king Galbatorix(sound's like a brand of cereal)who rules the land by not doing anything evil. Let me guess, he marries Arya and they become the reluctant, wise, benevolent rulers. Oh please! Hmm, where have I heard that before? He would probably enact laws prohibiting use of the word "said" since Paolini seems to hate it. One more thing that annoyed me was the hunting scene at the beginning. Deer don't travel in large herds and all sleep together at night.

Also Eragon misses his deer by " a hair's breadth. I still can't figure out what part of the deer he was aiming for. The vital parts of a deer are pretty hard to miss by a hair's breadth without still hitting the deer. Another instance of the author failing to research before he wrote. My advice, don't bother. the story lines were much better when they were in their original stories.

- I have to admit, I bought this book solely based on the fact that it was written by someone who wasn't yet 20 years old. Unfortunately, I think that's exactly why it's become so popular. It's a statement of hope for aspiring authors (for the wrong reasons), and a motivation for children with dreams. Had this book been presented to a publishing house by a washed up middle aged man

living in his mothers basement, it likely would have been swept into the slush pile as a derivative ripoff of every halfway decent fantasy cliché ever used. Trouble is, this story doesn't do anything interesting with the clichés. I do give Paolini credit for impressive linguistic style, especially for someone his age. I just found myself looking forward to the last page so that I could move on and read something more interesting. At no

point in the story will you ever say "Wow, very creative!" It's just page after page of "yeah, I suppose that's about what I expected to happen." Is this novel good enough to be one of the bestselling books in the country? Not even close. Does it deserve a movie license? Definitely not. Are there far more interesting stories on the shelves that don't receive a fraction of the publicity that Eragon does? Thousands of them.
