The special storytelling design, relatable characters, and story twists make it a worthwhile addition to your shelf. So, if you're trying to find a fascinating read, The Positive Birth Book A New Approach To Pregnancy Birth And The Early Weeks is certainly worth considering.

## REVIEW OF THE POSITIVE BIRTH BOOK A NEW APPROACH TO PREGNANCY BIRTH AND THE EARLY WEEKS

• The pictures are great, however they can lull you into a false sense of security come prac exams. Its incredibly wordy, and until you get used to this after a year or so of study it can be a bit overwhelming.

• In Raymond Chandler's second novel, Philip Marlowe gets embroiled in a complex plot involving murder and lost love. Marlowe's on the wrong side of town when he gets drawn into watching a murder in a bar that blacks frequent. As usual for this day and age - this is decades before civil rights, remember - the white cops brush it off as meaningless. Only Marlowe shows some interest in what is going on, and the lug of a man that desperately misses his lost love. Marlowe, pretty down on his luck and drinking hard, pries into the situation as much out of intellectual boredom as anything else. He's not after money, and indeed half the time he's not getting any. He's after making some difference in the world, no matter how small. He's after doing his part to help out those in need. These qualities of honor are taken up by many detectives who came after Marlowe, and are admired by millions of movie viewers who saw the movie version of this book. The gritty world that Marlowe lives in, the desperate state that many of the characters are in, the racism and disregard for the poor and drug use were all harsh realities of Los Angeles in the 1940s. In that swamp of despair roamed Marlowe, barely keeping his own head above water, but determined to do the right thing. It's his doggedness and his adherence to his own rules that make him a man to be admired throughout the ages ... and it's Chandler's brilliant writing style that brings this world to life. Those reviewers who cringe at the drinking, the despair and the racism should thank Chandler for bringing these realities into such clear view, instead of blaming Chandler for showing them a glimpse of a life beyond their air conditioned living rooms.
