So what are you waiting on? Begin your Eleven Rings The Soul Of Success By Phil Jackson Hugh Full downloading and install journey today and experience all the benefits and ease that the electronic globe of publications has to supply!

REVIEW OF ELEVEN RINGS THE SOUL OF SUCCESS BY PHIL JACKSON HUGH FULL

- The first three items I checked were not in this dictionary. I don't like the way they credit everyone who has a definition for a word. My daughter bought the one just under this one in price and it is a great source of word definitions. This is pretentious and a big disappointment. Jeanne Matthews Severna Park, Md., 21146

- I liked The Stranger, although not quite enough to give it a five star rating. It's a short novel and the plot itself is quite simple. I suppose the reason that the novel doesn't warrant five stars (in my humble opinion) is that despite what one reviewer has written, I didn't find it to be especially haunting or challenging. And that's what I want from a literary novel. I want it to get under my skin. I want it to be thought-provoking and insightful and I didn't quite find that with The Stranger (at least not to the degree I would have liked). The Stanger is a fictionalized expression of Camus' philosophy of the absurd. The tale's hero Meursault (or anti-hero if you like) does not conform to societal norms. He lives in the present and is influenced almost exclusively by physical experiences rather than emotional ones. The novel essentially tells us that the choices we make in life are all equally irrelevant and that to try and make sense of the world is simply absurd. I'm not saying that this exploration of absurdist philosophy isn't interesting (certainly it's more engaging than reading essays on the topic). It's just that it's pretty straight-forward. In the end, I was entertained by the novel which I found quite captivating. But it falls short of being truly great (in my mind at least) because it's a little too prescriptive and doesn't allow the reader to interpret the novel and find meaning from it for themselves. If I sound negative, that isn't my intent. I recommend the novel with a healthy enthusiasm. It's very good - it's just not exceptional (and in my opinion - neither haunting nor challenging).
