REVIEW OF SV650

- Let this illogical hack please not defend my party, and make a case against the liberals. She doesn't get it, and makes so many ridiculous arguments that don't hold up. Her writing style is horrendous. Please do not waste time on this book. I would give this rating a negative 2 stars if I could.
- Zelazny's prose is in fine form here and he displays a myriad of interesting ideas quite well. In fact some of the background filling in of the world is more interesting than the plot. In particular the mutated dog and his relationship with normal dogs and human society. Prose aside, Zelazny manages to be at once all too clever and heavy handed. Calling the Dream Master "Render" and having his female patient be named "Eileen Shallot". Other references to classic myth abound as if Zelazny is telling the reader "Oh, aren't I/We so smart, catch the symbolism and foreshadowing here?" The plot is fairly simplistic, and the ending heavily foreshadowed. For all that it still managed to get me a little engaged even though it was obvious how it was going to happen. Unfortunately, virtually all the characters are unlikeable, from Render, to Shallot, to his girlfriend DeVille and in particular his son as well as Shallot's dog. Several interesting plot threads are developed and just left hanging. As this was an expansion of a short-story why not flesh out those plot threads. What's with Render's suicide obsession, and the suicides we see of people in the society? What's wrong with the mutated dog, why does he run off and torment normal dogs, is this normal or is the dog as broken as his Mistress? The quality of writing and the ideas though save this from being a poor novel and pull it into the firmly average bracket. Zelazny fans, or those into novels of dreaming such as *Lathe of Heaven* may wish to give this a look.
