REVIEW OF TOYOTA 4ZZ FE ENGINE MANUAL

- I read this book when I was 6, now 8 years later I still remember the content very well. A little girl who was a genius but his parents never discovered it, they never cared much about her at all. At school, Mrs Trunchbull, was an extremely mad and unresonable headmaster who threw school children up the air just for fun. Although the environment Matilda grew up in wasn't nice at all, she met her class teacher (err..forgot her name), who appreciated her talent and gave sympathy to her situation. Later, Matilda discovered that she had supernatural powers and used it to teach Mrs. Trunchbull a lesson, and the headmaster was nowhere to be seen again after she fled from her house in a

hurry. Matilda's father, because of selling old cars dishonestly, had to escape from the country as well. Matilda offered to stay in her teacher's house and so they lived happily ever after. I just love the stories told by Roald Dahl, his stories always fascinate me, his words are suitable for children and the stories are full of imagination.

- "Matilda" is a book by Roald Dahl. He also writes many other books like "Charlie and the Chocolate Factory". Matilda's family does not care about her. Matilda was very smart and she loved to read. Her teacher was Ms. Honey who was very kind. The principal hates children. One day Matilda was at Ms. Honey's house and her parents came to pick her up. Then Matilda gets a great idea. Matilda makes you feel happy when she gets away from the principal, scared when you think the principal is going to win, and funny when Bruce eats a big cake. You should read "Matilda". If you do I hope you enjoy it.
