REVIEW OF AMERICAN HEART ASSOCIATION ACLS ANSWER KEY

- This is an adorable children's book that is thoroughly enjoyed by children and

adults alike! Cute humor is interspersed in this story of a jolly pirate. As one might imagine, a jolly pirate is not exactly ideal--or is it? And is there a reason for a pirate flag to be called The Jolly Roger? Read this book to find out. A great book to accompany this one is How I became a Pirate. This story has become a favorite in my second grade classroom. It was a great bargain. Share this book with a special child in your life. I love books that can combine humor with a plot that hooks kids; this is one of those books.

- I found this book to be surprisingly useful. So useful in fact until I returned to several of the bookstores in my city, purchased all copies that I could find and proceeded to share them with others

that I felt could benefit from it's content. I still ended with a small surplus, but one by one people came along who were in the same need for healing and forgiveness of themselves. My family and I traveled (respectively)to the midwestto be present for one of our brothers when he was about to undergo urgent brain surgery while incarcerated. When I was allowed to go back and visit with him just before this serious frightening surgery, I looked over on the window sil of the hospital room, there was his bible, a T.D. Jakes book, and Living Beyond Guilt. It was the copy I had mailed during our U.S. Postal exchanges. He simply said, I wish I had read that book 17-years ago... I felt the same.
