Join award-winning queer Canadian author Giselle Renarde for a year's worth of music and memories. As we listen to songs from a

variety of genres, Giselle shares anecdotes about growing up in the 80s, being a teen of the 90s, and listening to the radio on those long and lonely nights in her first apartment. Accompany Giselle on a musical journey as she revisits the days of her youth through song. From the introduction to Play It On My Radio: My name is Giselle and I'm your new best friend. Well, maybe not "best friend." A best friend usually listens in addition to talking, but that's not me. What I will do is be here every day to share whichever song pops into my head. Why? What's the point? Well, here's the thing: I'm a writer. It's a pretty lonely job. Over the years, I've become increasingly

socially isolated and you know what? It sucks. It sucks bad. The truth of the matter is that a lot of us are socially isolated, these days. And not just older people—younger ones, too. There are "friendly visitor" programs for seniors, but those of us under 65 are kind of lost at sea. I speak from experience. If you need a no-pressure visit every day, let me be your friendly visitor. I'll bring a song—whichever song pops into my head, gets stuck in my head, or seems relevant to something that day. As a person with chronic depression, music has helped me more than anything. It's magic, I swear. I hope my little musical visits will give you something to look forward to every day,

because they'll certainly do that for me.

A hit television show about a fictitious rock band, The Monkees (1966–1968) earned two

Emmys—Outstanding Comedy Series and Outstanding Directorial Achievement in Comedy. Capitalizing on the show's success, the actual band formed by the actors, at their peak, sold more albums than The Beatles and The Rolling Stones combined, and set the stage for other musical TV characters from The Partridge Family to Hannah Montana. In the late 1980s, the Monkees began a series of reunion tours that

continued into their 50th anniversary. This book tells the story of The Monkees and how the show changed television, introducing a new generation to the fourth-wall-breaking slapstick created by Laurel and Hardy and the Marx Brothers. Its creators contributed to the innovative film and television of 1970s with projects like Bob & Carol & Ted & Alice, The Mary Tyler Moore Show, Laugh-In and Welcome Back, Kotter. Immense profits from the show, its music and its merchandising funded the producers' move into films such as Head, Easy Rider and Five Easy Pieces.

How has a group conceived as a short-lived commodity

outlived many more 'real' bands by nearly fifty years? Why are The Monkees still important, and what does this tell us about their music, their TV show, and our understanding of popular culture today? Despite being built in Hollywood, and not necessarily to last, that is precisely what their music, TV, and cinematic output has done. They in many ways unique--as the first 'made for TV' band, their success introduced methods of marketing pop that have since become standard industry practice; their 'big screen' use of film and images in live performance is likewise now a firmly established principle of concert staging; and in the way they changed

the rules of the game, taking control over their own affairs at the height of the success, risking magnificent failure by doing so. The Monkees invented a new kind of TV, gave a new model to the music industry, and left behind one of the most enigmatic movies of the modern era, *Head*. This book is about all that and more. Beginning by exploring the origins and personalities of the four Monkees before looking in depth at their work together on screen, on stage, and on record, *The Monkees, Head, and the 60s* is the first serious study of the band and the first to fully acknowledge their importance to the development of pop as we now know it. "Jack Nicholson actually

brought the book to my attention. Since neither of us are inclined to read books talking about ourselves - or for that matter about the movie world - I was surprised with this one. Peter Mills began as a musician, so his appreciation of The Monkees both as phenomenon and critic is well-founded. The Monkee history is astonishing. As for "Head", no one has so thoughtfully elaborated on its meaning. The movie is elusive. But not to him or anyone who reads the book. And that includes me." - Bob Rafelson (creator of The Monkees / director of "Head")

It was initially a 1967 hit for the American recording artists Tommy James & the Shondells, reaching #4 on the Billboard Hot 100. The song has since been covered several times by other artists. In 1987, a version of the song by Tiffany reached #1 on the charts of various countries including the U.S., the UK, Canada, and New Zealand. Other cover versions

have also charted, including those by The Rubinoos (#45 US, 1977) and Girls Aloud (#4 UK, 2006). "I Think We're Alone Now" was a 1967 hit for Tommy James & the Shondells, reaching #4 on the Billboard Hot 100 during a 17-week stay. The recording was produced by Ritchie Cordell and Bo Gentry. Rock critic Lester Bangs called the single "the bubblegum apotheosis." "I Think We're Alone Now" stands out as one of Tommy James' most successful recordings and was sampled in a scene in the 1980s slasher film Mother's Day. Cordell wrote or co-wrote many songs for James, including the follow-up single "Mirage" and its B-side "Run, Run, ...

In *Who Did It First?: Great Rock and Roll Cover Songs and Their Original Artists*, the third volume in Bob Leszczak's exciting *Who Did It First?* series, readers explore the hidden history of the most famous, indeed legendary, rock and roll classics. As Leszczak points out, the version you purchased, played air guitar to, sang along to, and grew up with is often not the first version recorded. Like wine and cheese, some tunes do get better with age, and behind each there is a story. Little-known facts and amusing anecdotes, often gathered through Leszczak's vast archive of personal interviews with the singers and songwriters, record

producers and label owners, who wrote, sang, recorded, and distributed either the original first cut or one of its classic covers.

Neil Diamond, writer and singer of some of the most memorable songs in history, is the focus of this biography that looks beyond his glittering legend. Readers learn of his intriguing blend of contradictions—a charismatic and engaging live performer, he was deeply introspective offstage and prone to bouts of crippling self-doubt. From his childhood struggle to get out of Brooklyn through five decades of global stardom, this book marries his personal history with

his public persona.

The Monkees were a rock and pop band from Los Angeles, California, U.S., originally active between 1966 and 1971, with reunion albums and tours in the decades that followed. They were formed in Los Angeles in 1965 by Bob Rafelson and Bert Schneider for the American television

series The Monkees which aired from 1966 to 1968. The musical acting quartet was composed of Americans Micky Dolenz, Michael Nesmith, and Peter Tork; and British actor and singer Davy Jones. The band's music was initially supervised by producer Don Kirshner, backed by the songwriting duo of Tommy Boyce and Bobby Hart.

## **REVIEW OF IM A BELIEVER THE MONKEES SHEET MUSIC TABS**

- The book is noteworthy in that he praises people from many different walks of life for their WWII contributions. The only comment about this book is that it is not written by an author but sounds like an author reading from a

teleprompter.

- I recently purchased this book and have found it to be immensely useful. My infant son died three months ago and I have been scouring literature to help me 'face' my grief. I love this book and, at times, I am shocked how eloquently Kathy writes how I am feeling. I like the Biblical devotions that accompany each chapter. I use this book as a sort of Bible study to give me Biblical foundations to build my healing upon. I know that someday I will be a sort of 'mentor' to another parent who has lost their child and this is a book that I will give to them. I would say that this is a must-have. Also, if you are reviewing this particular book, I

assume you also have a child or know  
experienced the loss of someone who has....my  
heart goes out to you.
