Access to History: The Unification of Germany and the Challenge of Nationalism 1789–1919, Fifth Edition Cambridge University Press

OCR Psychology, Third Edition, is endorsed by OCR for use with the OCR AS Psychology specification. This book prepares students for all elements of the OCR Psychology AS exam. It covers both research methods and core studies, giving the who, what, where, and even the why of each study. It also looks at some of the work that followed the studies. Key features of the book include: 'Psychological Investigations': the first chapter of the book helps students to understand research methods in psychology – useful support for the Psychological Investigations exam and for understanding the core studies themselves. Core Studies: each study is described first 'In a Nutshell', followed by a detailed account of the aims, method, results and conclusions. Guidance is given on how each study can be evaluated and a wealth of extra materials is provided for each study – questions to assess understanding, practical activities, multiple choice and exam-style questions, further reading and video links. Background to each core study is included in the 'Starters' and 'Afters' features: information about related research before and after the study; and biographical details of the researcher(s). Approaches, perspectives, issues and methods are considered in a brand-new chapter to cover the themes of the course and prepare students for the long-answer questions on the Core Studies exam. Exam guidance: each chapter ends with short- and long-answer exam-style questions answered by students with teacher feedback. The book is presented in colourful and well-structured magazine-style spreads to aid the learning process. This 3rd edition has been completely revised, and is now accompanied by a companion website featuring an extensive range of online resources for both teachers and students, including answers to the questions posed in the book, glossary flash-cards, and multiple-choice test banks.

Answers to all questions are available free on the Cambridge University Press UK Schools website.

REVIEW OF 2 1 OCR QUESTIONS AND ANSWERS WIKISPACES

- My mom gave me her copy of Betty Crocker's Cooky Book when I got married. The book is literally falling apart -- the back cover is no longer attached, but still sits in the bookshelf next to the rest of the book. This would make a wonderful gift for anyone who likes to bake. It's full of great recipes, some of which I've made so many times that I know them by heart. If you like to bake cookies, buy this book. You won't be disappointed!

- When Meir Kahane was assassinated, I only knew that he was one of the most vicious impediments to Israeli peace with the Arabs. I tended to see the conflict as a simple matter of Israel expanding its borders at the expense of the native population. I still can't say that I wholeheartedly agree with Kahane's solution but his motivations are beautiful. In this book written with the style of a poet and the intensity of a machine gun, Kahane again and again asserts that he is a Jew and he is a Zionist and that the two are inseparable. Because he is religious, he can only see the state of Israel in a religious context and that is that G-d gave Jews the right to the state of Israel and the duty to settle the land, and anyone who would impede it is going against the will of G-d. He discusses what Judaism means in a religious context, why Judaism is needed in the world and why non-Torah-based versions of Judaism aren't Judaism. He bristles with indignation at Christians who want to sweep centuries of murder, pillage and mayhem under the rug and he mocks parents whose children have gone to become Jews for JC stating that that is the end result of assimilation. When he gets to the history of the modern state of Israel, he uses the pre-state riots and the British oppression for maximum effect. He uses the quotes of "respected" politicians like King Faisal and Sadat to maximum effect as Faisal is accusing Jews of blood libel while Sadat is threatening to have another Holocaust. What makes this book refreshing is the counterpoint to Arab propaganda. Over and over again, Palestinians declare that Israel is an illegal state, bring up the U.N. resolutions that were "violated" and throw words like state-sponsored terrorism, unchecked aggression and Holocaust around without understanding for the context. Meanwhile Jewish defenders of Israel have to talk about concessions, Palestinian rock throwers and pleas for calm. Meir Kahane is meeting the battle head-on. No returning of land won during a war that was supposed to wipe Israel off the map is going to make peace. As long as Palestinians want to remove Israel once and for all, Israel must respond in kind. What makes this book troubling is the anger involved. It is propaganda and should be read as such. Kahane is silent about laws of gerus and settlement statutes that would make the Palestinian presence in Israel acceptable from a religious standpoint (although they wouldn't please Palestinians), he doesn't mention that the page of Kesuvot that he cites is also used by the Satmar Rebbe as an argument AGAINST an Israeli state settled by secular Jews. Regardless, no matter what you feel about Israel - whether you are Palestinian, embarrassed American Jew, Israel hater, Israel lover, Israeli - you owe it to yourself to read this book, if only to know what you are fighting against.
