REVIEW OF LUNAR CALENDAR

- Much worse than the older "Readings on MS Windows" Book. I have read the sections multiple times and I have found that the questions that I missed on the practice exams are not covered at all by this kit! This book and CD set are insulting individually and as a group. Worse than having nothing at all.
- What makes one of the best books ever written even better? A beautiful edition such as this one that will be a wonderful addition to any shelf.
