## REVIEW OF OBJECT TRACKING USING OPENCV

- I found Elizabeth Bartholet's view of parenting to be thoughtful, intelligent and compassionate. As the birth mother of one, this book made me want to

consider adoption as a compassionate way to expand my family -- even without fertility problems as the motivation.

- First, I must say that Lawhead is my favorite author. I have bought every book he has written, but this series is by far, in my opinion, his best. I am a

voracious reader, but rarely impressed. I found this series to be completely engrossing, I couldn't stop reading. A nice balance of plot twists, well-drawn characters, narrators, all put together in a semi-allegory worthy of CS Lewis. Skip these books to your own detriment.
