REVIEW OF LA MISTICA SELVAGGIA FILOSOFIA

- One of the most boring books I've ever read (or half-read anyway). I trudged through the first book despite its lack of direction, but I can't do it anymore. What

is the point? Nothing ever happens! This is not good fantasy, it's not even mediocre. I suppose the entire series will be saving me some money. Thank you Mr. Jordan.:^)

- The Great Hunt is by far the best of the seven released books in the Wheel of Time saga. I have read this book several times and it still sucks me in to this magnificently detailed world that Robert Jordan has created. How does the man do it? He has developed not one, not two, but three main characters up to this book, and a whole battalion of supporting secondary characters who have the depth of most authors main characters. I highly suggest not only this book but the entire series, to anyone who likes to read. Though it is set in the Fantasy/Sci-Fi genre, the Wheel of Time

saga has no boundaries as to who can read it. be on the look out for book 8:
The Path of Daggers
