### **REVIEW OF J K ROWLING**

- I've never really been one for reading superhero comics. And though I do see Bats as an intriguing character, Superman has always had my contempt. Not this time. This comic does a wonderful job of contrasting the two, of telling the tales through both their minds, and so captures a truth that is somewhere in between - it captures Supergirl. The art is absolutely stunning but the book would have been a failure if it were not for the absolutely brilliant writing. Read it.

- Michael Rose does an excellent job in exposing the architectural renovators who have come in and dismantled many beautiful Roman Catholic Churches. Even to this day, with examples such as the new Cathedral in Los Angeles and the many round Churches, we continue to see the renovations continue. This book is a great manual for any parishoner who may be in a parish which is about to undergo a major overhaul or a new Church is in the process of being built. Once you read through this book, one will understand how to defend against the Protestant renovations being discussed. Manipulation has become a key in replacing the tabernacle with a chair or removing the altar rails or side altars, and this book will show that these renovations have no precedence in the history of the Catholic Church.
