REVIEW OF ENGINEERING MECHANICS STATICS 12TH EDITION SOLUTIONS CHAPTER 6

- I happen to be a twin...I love Catherine Coulter books...so I just had to get it. For me, it grabbed me from the start, and while many may not find it to be a good read, I find it very difficult to find romance novels that I like. I know that Catherine has never disappointed me, and she did not here either. I could relate to the main characters as a twin myself, and I think Catherine got down what it is like to be a twin rather well. I would recommend this to anyone that is an historical romance fan.

- I have given this book to several friends when they have helped me or needed some help themselves in those dark moments in life. Will make you cry mostly joyful tears when you recognize something or someone in your life that is relative to what is on the page. Not phony or trumped up. Ignore the few moments when the "ghost author" interjects himself. The voice of the man makes you know him, feel joy with him, but never pity him. A great emotional read from a good man dying.
