## **REVIEW OF 2003 HONDA CIVIC HYBRID MANUAL TRANSMISSION**

- I bought this book for my 3 year old and I am returning it. Froggy's mother tells him it is time to go to bed and like most children, he resists and stalls. What I don't like about the book is the way the mother lets Froggy push her around. Froggy tells his mother that SHE has to close the closet, open the door a crack, and turn the night light down before HE will go to sleep. And the mother does as she is told. He then spills water on the floor and the mother cleans it up and then continues to do as Froggy

demands.

- Bevin Alexander's book may redefine the meaning of "great" commander for some of its readers. A lot of readers are in the same classroom as I when it comes to military history. I grew up accepting that the generals presented to me in history class were the best because my betters said they were. Especially,when it came to the Civil War. They don't cast bronzes of incompetents, right? Maybe, maybe not, but Mr. Alexander did a convincing job explaining why some of history's spotlights are on the wrong statues. A lack of military history won't prevent anyone from reading and enjoying his book. He will set the stage for each adventure and allow the reader to be swept along by the likes of Hannibal, Lawrence of Arabia and Erwin Rommel without loosing him. These stories are real, first class, adventures and that's how Mr. Alexander's book comes across.
