REVIEW OF CITY OF EMBER 20

- I was required to read this book for school in my Honors English Class(9th grade), I found it very hard to follow and too symbolic. This is the book of dreams for any English teacher who loves to get their students to read between the lines. Personally, I enjoy a book that is a challenging read, but in this book, every little detail meant something "deeper" and it gave me a headache trying to interpret the aspect of society the detail was trying to depict. I understood the book, but, it was not enjoyable for me and if it were not a required reading, I would not have read the book

otherwise. But, if you like books to give you a headache, then this is perfect for you.

- This novel isn't so bad. The author William Golding has a unique way of

expressing the feelings of the characters (In this novel the principal character is Ralph). I think he expresses the reality of today's little kids that are on the streets and become savage.
