## REVIEW OF LIFETIME HEALTH ALCOHOL CHAPTER TEST ANSWERS

- this keeps you on the edge of your seat wondering who done it. a great suspense thriller.
- Almost all of the scientific evidence brought forward during the time of the trial has been discarded.There was another very disturbing thing about Inherit the Wind. It caricatured Christians as self-righteous, intolerant and mean-spirited. The two leading Christian characters in the film rant like lunatics much of the time. Phillip E. Johnson's bookDEFEATING DARWINISM BY OPENING MINDS (available at Amazon) writes about how Christians were stereotyped.The play did get one thing right. It is indeed a `crime' (to use their word) to censor an opposing view in the classroom. This lesson has been lost on secular humanists today who attempt to censor any evidence contrary to their dogmatic belief in evolution.
