Remember, reviewing testimonials can aid you make informed choices regarding what to check out next and can subject you to new authors and styles you could not have actually thought about before.

REVIEW OF TEST BANK PRINCIPLES OF MANAGERIAL FINANCE BRIEF 7TH EDITION

- The Screwtape Letters is a clever imagined dialogue

between a senior demon and his nephew (also a demon). The demons are trying to tempt an English man away from God (who they refer to as 'The Enemy'). Although Lewis often falls prey to excessive pomp and wordiness, the book is witty and well organized. The letter format makes for easy reading. As an atheist, my enjoyment of this book really hinges on how literally I choose to read it. On the one hand, I find the theme of this life as a divine God-sanctioned test complete with demonic supernatural opponents as unfounded, superstitious, and resultant in

unnecessary fear and stress. If I instead choose to read the book metaphorically, Lewis makes some brilliant observations about human vices and virtue (and how the latter too often lead to the former) amongst the religious clutter. If you're going to be a Christian, you could certainly do far worse than the Christianity of CS Lewis.

- I would not recommend this for someone that already is practicing being good steward of their finances, but it is a good starting point for those of you that need help starting out. I highly recommend Miserly Moms by the same author.
