REVIEW OF TRASH ANDY MULLIGAN

- LeBron James is a basketball hero. He has a big story on how he got to the NBA. LeBron was very poor growing up; his father left him and his mother when he was young. LeBron had to live with friends so his mom could work to keep a roof over their heads. A cool thing I thought LeBron did is when he was signing autographs an adult pushed over a kid just to get LeBrons signature but LeBron said "Let me sign the kids first". I think this

shows LeBrons care for kids. When LeBron was in High School at St. Vincent St. Mary, the spotlight was on him. LeBron took the Irish to the state championship all four years of High School. LeBron played Football and Basketball in High School. He could of gone to college to be a star Wide Receiver but he chose Basketball. LeBron won the Mr. Basketball in Ohio award all four years in High School. I loved this book because LeBron never gave up at what he wanted to accomplish. LeBron is a great role model to young kids because he never gave up and told himself that he could do it. LeBron now is in the NBA and won the Rookie of the Year award. Written by Gerald P. Willamspon

- An extremely helpful gem on a complex subject of second century religious authority and textual use. For anyone serious about this period and the interrelation of cultures, this book is essential. Is it complex and detailed? Of course, it must be to argue the point. Should you buy it? Yes, unless you want to keep running back to the library. I write this only after thoroughly disagreeing with the review above.
