This Handbook is a comprehensive overview of English language education in Bangladesh. Presenting descriptive, theoretical, and empirical chapters as well as case studies, this Handbook, on the one hand, provides a comprehensive view of the English language teaching and learning scenario in

Bangladesh, and on the other hand comes up with suggestions for possible decolonisation and de-eliticisation of English in Bangladesh. The Handbook explores a wide range of diverse endogenous and exogenous topics, all related to English language teaching and learning in Bangladesh, and acquaints readers with different perspectives, operating from the macro to the micro levels. The theoretical frameworks used are drawn from applied linguistics, education, sociology, political science, critical geography, cultural studies, psychology, and economics. The chapters examine how much generalisability the theories have for the context of Bangladesh and how

the empirical data can be interpreted through different theoretical lenses. There are six sections in the Handbook covering different dynamics of English language education practices in Bangladesh, from history, policy and practice to assessment, pedagogy and identity. It is an invaluable reference source for students, researchers, and policy makers interested in English language, ELT, TESOL, and applied linguistics.

Assessment of student

learning outcomes

(ASLO) is one of the

key activities in

teaching and learning.

It serves as the source

of information in

determining the quality

of education at the

classroom and national

levels. Results from

any assessment have

an influence on

decision making, on

policy development

related to improving

individual student achievement, and to ensure the equity and quality of an education system. ASLO provides teachers and school heads with information for making decisions regarding a students' progress. The information allows teachers and school heads to understand a students' performance better. This report reviews ASLO in three South Asian countries--Bangladesh, Nepal, and Sri Lanka---with a focus on public examinations, national assessment, school-based assessment, and classroom assessment practiced in these countries.

REVIEW OF BD SSC QUESTION PAPER

- Like the past few efforts from Grisham, this one catches its stride after a couple of boring chapters, keeps you plodding along out of mild curiosity, blazes through a bunch of frivolous events near the end, then plunges you off a cliff with no climax, and a confusing "resolution". My love for courtroom novels, and Grisham's

earlier work keep me searching for his long awaited return to form. This isn't it.

- If you like the Grisham novels where it's non-stop action and suspense all the way through the novel, this book is NOT for you. It is not even close to his other jury-titled book "The Runaway Jury." This book is very slow and the real mystery only begins in the last 50 pages. Up to that point, it is very slow and actually boring. Quite a drop-off from Grisham's usually high standards in my opinion
