The sixteen pieces of Officium Divinum are made up of four choral pieces with organ, two a cappella pieces and ten choral pieces with organ and instrumental accompaniment. They follow the journey of Daily Prayer from awakening at the break of the day to the eyelids closing at the end of the day. Margaret says: "Chants are so easy to perform and also lovely to sing and to work at. Through the repetitions, a chant starts in the head with all its thinking and begins the long journey into the heart. There one begins to be open to the beauty of prayer, and drawn into deeper levels of reflection and stillness. Singing chants is a wonderful way to share, as we come to pray together." The music has also been recorded by Convivium Singers, conducted by Eamonn Dougan, and is available as a CD.

REVIEW OF DURUFLE REQUIEM SCORE

- I've heard a lot about this book recently, so I thought I'd give it a whirl when I saw it at the local library. The plot was extremely intriguing - the tale of the Buendia family, original settlers of the fictional town of Macondo in what seems to be South America. The characters were unique and colorful and I enjoyed traveling the generations of the family and sharing their experiences. However, someone in each generation (and sometimes more than one person) was named a variant of Aureliano or Jose. I was constantly confused at which character experienced what and feeling as if the plot was contradicting itself. I continually flipped back and forth with the family tree provided at the beginning of the book which caused me to feel disconnected from the story. I would lose track of the plot and ended up rereading many sections multiple times. Eventually, I felt like reading the book was a chore, and I'll admit, I was relieved when I finally finished it.

- This is probably one of the best books I've read in a very long time. It was my favorite several years ago, and I recently bought a new copy. I've read it several times; it never gets old. I have heard in the past that the storyline can be very confusing at times, but I didn't have a problem with following along. His style is very unique; it seems disjointed and jumbled at first glance, but as the reader continues everything falls into place. The imagery and metaphoric language throughout was especially fantastic. Gabriel Garcia Marquez has a way with words that makes you think. His use of magical realism is flawless. The book creates impossible situations throughout that for some reason seem plausible in relation to what is happening in the story. Some sentences are incredibly simple, and others may make you go back and reread. Magical realism can be very difficult to incorporate in a work of fiction properly, and I believe he has both produced a wonderful work of art and great instruction on how to do so in one sitting. If you've never read this book before, you owe it to yourself (if you're an avid reader) to check it out. Chances are very good you'll be glad you did.
