REVIEW OF LISTINO PREZZI VIEMME PORTE SCEGLIAUTO CONCESSIONARI

- Wow! I bought this book because I am about to go on a muskox hunt and

wanted guidance on shot placement. I had seen it recommended on a hunter's discussion forum. I didn't expect much, perhaps a few black and white photos and brief text on low grade paper. When the book arrived, I was amazed. This is a high quality printing with all photos in color - both of the animals and of their surroundings. The pictures for illustrating shot placement are better than anything I have seen before. It has illustrations of each animal's skeleton, heart and lungs superimposed on a color photo. In addition there is another color photo with just simple dots showing where to place your shot. This is a must have for big game hunters. The quality is so high that it qualifies as a "coffee table" book (if your friends aren't squeamish about such things - if they are, you need to find

new friends) :-)

- Was very reliable on when it was

getting here. Very reasonable price for a college student. Very helpful book for my class.
