REVIEW OF DESERT OF THE HEART JANE RULE

- I picked up this book for my

stepmother as she's got two cockatiels and has questions about some of their birdy behavior. I thought the book had good information and I think she'll find it helps too, especially the parts about what to do to work on screaming birds.

- This booklet is the first cave diving manual and although decades old it is amazingly contemporary and still extremely useful to all technical/overhead divers. A must have book for every serious divers' library.
