From an adventurous balloon ride above the clouds to a monster-filled metropolis, Academy Award®-winning director Pete Docter ("Monsters, Inc.," "Up") has taken audiences to unique and imaginative places. In Disney•Pixar's original movie "Inside Out," he will take us to the most extraordinary location of all—inside the mind. Growing up can be a bumpy road, and it's no exception for Riley, who is uprooted from her Midwest life when her father starts a new job in San Francisco. Like all of us, Riley is guided by

her emotions - Joy, Fear, Anger, Disgust, and Sadness. The emotions live in Headquarters, the control center inside Riley's mind, where they help advise her through everyday life. As Riley and her emotions struggle to adjust to a new life in San Francisco, turmoil ensues in Headquarters. Although Joy, Riley's main and most important emotion, tries to keep things positive, the emotions conflict on how best to navigate a new city, house and school. In this groundbreaking and illuminating film, Pixar Animation Studios examines the extraordinary depths of the mind and the powers of emotion and imagination. The Art of Inside Out provides an exclusive look into the artistic exploration that went into the making of this vibrant film. Featuring concept art—including sketches, collages, color scripts, and much more—and opening with a foreword by actress Amy Poehler and introduction by the film's writer and director Pete Docter, this is the ultimate behind-the-scenes experience of the making of this landmark film. Formed by a small group of university students in the early 1980s, Studio Gainax is now one of the most adventurous and widely esteemed anime companies on the scene. And it is fascinating for its unique approach to animation. Formal experimentation, genre-straddling, self-reflexivity, unpredictable plot twists, a gourmet palate for stylishness, proverbially controversial endings, and a singularly iconoclastic worldview are some of the hallmarks. This documentation of the studio's achievements provides a critical overview of both the company and its films: in-depth examinations of particular titles that best represent the company's overall work, including television series such as *Nadia: The Secret of Blue Water* and *Neon Genesis Evangelion*, and feature films such as *Royal Space Force: The Wings of Honneamise* and *Gunbuster vs. Diebuster*. Each chapter highlights the contribution made by a specific production to the company's progress.

### **REVIEW OF THE ART OF KIKIS DELIVERY SERVICE STUDIO GHIBLI LIBRARY**

- My first grade daughter really enjoyed reading this book. There were many words that were repeated which really helps out first

time readers. In addition, there were enough new words to keep it challenging for her. The book was just long enough, not too short and not too long. I highly recommend this book for beginning readers. A plus for us, this book was on her AR list.

- Nancy Holder deserves a huge Buffy fan award. Not only did her hardcover book, "Book of Fours," provide fans with one of teh Slayer's best stories, it fit logically into the Buffy-verse without taking many great leaps. I'm not sure why she stopped writing with Christophehr Golden but I have no complaints. She blew his "Tales of the Lost Slayer" out of the water with this trilogy. It all fit neatly into the recent story lines of both Buffy and Angel (Seasons 4 / 2 respectively).Kudos! MORE NANCY MORE!!!!!!
