Teachers and students gather in a circle for a twenty- or thirty-minute meeting with four components: greeting, sharing, group activity, and morning message. See more ideas about Responsive classroom, Classroom, Morning messages.

REVIEW OF THE MORNING MEETING BOOK

- I loved this book and continue to go back and read a section or two. It was very thought provoking, yet easy enough to pick up and read. I have to say worth checking out if you are at all interested in this subject matter. One of the best I have ever read.

- Victor Papanek's book is not only readable, it might just change your life. This should be required reading for students of design everywhere as the ideas presented are as relevant today as they were 30 years ago. Papanek's writing style is accessible and his passion is contagious. Although some of the language is dated, it doesn't interfere with the basic message of the book: design is good and as such, it should be shared with as many people as possible.
