REVIEW OF STEPHEN KING FIRESTARTER

- Gerald and Hyacinth appeared to have a perfect marriage, blessed with two beautiful children. However, when cracks appeared (or were the cracks there all along?), there was no stopping the swift breakdown of the marriage and the bitterness that came with it. Gerald had the upper hand in the divorce as he successfully blackmailed Hyacinth into letting him have the custody of both children. Pressured by Gerald, but unable to divulge the secret behind his blackmail to anyone, only when the

mystery surrounding the fateful night was solved would Hyacinth be able to get on with her life. The plot was gripping. However, the impressive part was the way the emotional aspects in the book was handled. The sweetness of being in love, the tension between mother and daughter, the bitterness of a marriage breakdown, the pressure and burden of keeping a terrible secret, and the pain of losing loved ones were well-explored. Subtle, but intense at the same time.

- My main issues with the novel are that it was poorly written and Huxley utterly fails here at compelling storytelling. I could not suspend my disbelief or cynicism while reading Island at all, and I was often confused about what Huxley's point truly was. Perhaps I didn't enjoy it

because the characters lecture, ramble and gloat about concepts of social engineering that are as despicable as those in Brave New World (which is a beautifully written and intricately conceived novel). Perhaps because he annihilates his own utopia, by the hands of one of its founders no less. He proves that a society such as Pala's could not exist, flourish and *survive*. He shows us in the end just how weak and fragile such a socially-engineered society would

be and how easily corrupted it could become. I honestly thought it was a satire of a utopian society, like Brave New World, but attacked from the other extreme. Am I the only one who felt this? Huxley succeeds at outlining a utopian society; that much is true. Whether he actually believed in the utopia is another question entirely. The writing is so overblown and didactic that I could not discern his intent.
