REVIEW OF CALCULUS ANTON BIVENS DAVIS 8TH EDITION

- My name is Eric and I'm in the 8th grade. We just completed reading *The Giver*. I found the story very interesting. Though it was confusing at times, as an active reader (with the help of my teacher) I was able to understand some things that were very confusing. Lois Lowry did an exelent job on symbolism. I also like the way that she kept you optomistic. Though you could predict what was going to happen, there would always be a turn in the story that was totally un expected. I urge you to buy this book and read it for yourself. This is one book that blows away all of the others!
- It is good because it makes you think, it's not just there for pure intertainment. I also like the depth of the book and the details. It also lets you think on your own, letting you have your own opinions while she has hers. I highly recommend it to people who like to think.
