And if you ever before require help locating the ideal book, our educated staff is here to provide customized suggestions.

REVIEW OF MASS EFFECT 3 PRIMA GUIDE DOWNLOAD

• For the most part, this was a gripping story that revived my interest in the Tudor period, the kind of story with a "you were there" feel. However, I gave it four stars instead of five. One reason was that, for all its compelling qualities, it did lack a little in the drama department. When the final tragedy sweeps over George and Anne, witnessed by Mary, I wasn't as engaged as I thought I would be. This may be an inbuilt problem with making a minor character the center of the story. Anne's trial, imprisonment and execution are experienced by Mary only at second hand, or from a distance. I wanted more. The second reason (SPOILER alert) has to do with the author's choice to take seriously the accusation of incest between Anne and her brother. Her reason for doing so--that in Anne's desperation for a son, she took a lover, and George would have been the "obvious choice"--seemed far-fetched. It's difficult to imagine any situation where one's brother would seem the "obvious" choice to father your child, no matter how desperate you were. That Anne might take a lover I could believe, and that she would trust George as her go between, absolutely; but that a woman raised in such a highly religious culture, and surrounded by admirers, would turn to her brother? It makes no sense, except as a sensational plot device. The fact that before his execution, George confessed to homosexuality but not incest, supports this. It is as if he were saying, "This was what I really did." Henry had a string of stillborn children with Katherine. Ironically, another stillbirth is probably the best proof that Henry was the father. (If Anne had taken a lover, or even produced a healthy boy with Henry, it's interesting to think how different history would have been.) The accusations, along with witchcraft and multiple adulteries, seemed obviously design to blacken Anne's name, so that Henry would be justified not merely in divorce but execution. Henry had followed a similar with Katherine, convincing himself the marriage was invalid and, crucially, it was really Katherine's fault. Probably it was also meant to salve his conscience. Having gone to such great lengths to put Anne, a commoner, on the throne, only a very good reason would seem to justify setting her aside. Mere adultery apparently wasn't enough. But an incestuous witch who trafficked with the Devil? Who could blame Henry then? I think it shows the depth of his hatred, and perhaps fear, of her. Certainly, there was more than a touch of cruelty in persuading Anne to sign annulment papers (making her only child illegitimate, with no right to the throne) in the belief that she would be spared, only to take her life anyway. In any case, Gregory's unorthodox interpretation made it difficult for me to connect with the story after a certain point. Not difficult enough, however, to dock the book more than one star.

• I had seen these books in shops many times but never thought to read one until now, and now I'm mourning all of that wasted time!! I really enjoyed this book. It didn't require excessive concentration so it was easy to relax while reading. It was fascinating to learn about these historical figures through the eyes of the overlooked younger sister of Anne Boleyn, and the author succeeded in bringing the characters to life in a highly masterful way.
