## **REVIEW OF BOUNDRY FOR MATHEMATICS A PAPER 4H**

- Perhaps the best book for any one who wants to learn about the greatest civilization ever existed on the face of this earth i.e. India. Dasgupta's hardwork can be clearly seen. It comprehensively covers all the ancient religions with deep insight.
- The book is nice, and reading it helped me realize what my scrapbooking style is. And it is definitely not what Big Picture layouts feature. Cathy Zielske's "Clean and Simple" is much more my style. Again, don't get me wrong- Stacy Julian gives you great ideas, but you have to find your own style.
