Join our neighborhood today and start your trip into the world of literary works with very easy downloads of all your favorite books like **Answers For Notes 24 History Alive!**

REVIEW OF ANSWERS FOR NOTES 24 HISTORY ALIVE

- Over some period I have read several translations of Chaucer's Canterbury Tales. My first experience, selections in a high school text, was not promising. (Possibly, I was not yet ready for Chaucer.) Translating poetry from one language to another is difficult and often unsuccessful. Translating Chaucer from Middle English is not much easier. English has changed dramatically in the last 600 years, to the point that Middle English is nearly indecipherable. For example, we read Chaucer's description of the Knight's appearance: Of fustian he wored a gipoun (Of coarse cloth he wore a doublet) Al bismotered with his habergeoun (All rust-spotted by his coat-of-mail) A glossary, persistence, and considerable time are required for reading the original Chaucer. If you choose to do so, the Riverside Chaucer edition (edited by L. Benson) and the Norton Critical Edition (edited by Olson and Kolve) are highly recommended. The Signet Classic paperback (edited by D. R. Howard) modernizes the spelling a bit, but still largely adheres to the original Chaucer. Although your instructor will most likely assign a particular edition of Canterbury Tales, it

can be exceedingly helpful to pick-up an additional version or two. A slightly different translation may entirely surprise you, may even resonate with you, making Chaucer much more enjoyable. I suggest that you look for these versions: Canterbury Tales, Penguin edition, translated by Nevill Coghill, is an excellent poetic translation. It is a complete collection arranged by Group A thru H. It also includes The Parson's Prologue, The Parson's Tale in synopsis, and Chaucer's Retractions. Coghill's translation remains my favorite. Selected Canterbury Tales, Dover Thrift edition - provides a poetic, rather than literal interpretation, and is quite readable. The collection of tales is fairly small, however. The Canterbury Tales, Bantam Classic paperback edited by Hiatt, uses the "facing page" format with the original Chaucer on the left and a modern literal translation on the right page. I found the literal translation a little wooden, but this edition can be quite helpful if you need some help with Middle English. (A guide to phonetics, grammar, spellings, and a glossary is provided.) Chaucer's Canterbury Tales (Barrons Educational Series) uses an "Interlinear Translation" format in which each line of Middle English is followed by a modern translation (literal to make the comparison easier). I rather like this approach. Canterbury Tales, John Murray Publishers, London is hard to find, but provides a partial translation to modern English, maintaining as much as possible of the Middle English. This rather clever approach is somewhat risky, but the translator H. L. Hitchens pulls it off. With some effort I could follow the text without continually referring to a glossary and in a limited way I was "reading Middle English". Canterbury Tales, Pocket Books, prose translation by R. M. Lumiansky, is easy to read, but while

this prose format adheres to the storyline, it is only a shadow of the poetic Chaucer. However, it can be helpful if you are not comfortable with poetry.

- This book was ordered as part of a bundle of textbooks needed

for the Fall 2012 semester. The books arrived within two days due to my Amazon Prime subscription, and were in brand new condition. I am very satisfied with my order and all of the products have been very useful in my classes this semester. I will continue to buy books from Amazon in the future!
