## **REVIEW OF GRADE 11 MATHS LITERACY STUDY GUIDE**

- Real words, unlike what you'd find in this book, cannot describe what you find in here. This book is the bane of my existence. James Joyce must have self-inflicted mercury poisoning in order to write this. The only other plausible explanation is that he became severely mentally retarded from a lack of flow of oxygen to the brain. If you want to actually understand anything, you have to read explanations EVERY "sentence". This turns it into a f'n time vampire. It is terrible in every aspect - there are no plot, characters, situations, comedy, horror, storyline, or anything else that books usually consist of. If the author came back to life, became unretarded, and then read his own book again, he would instantly want to drown himself in Lake Michigan. I award him no stars and may God have mercy on his soul.

- ye make a book, alas, how is life? Green Bay Packers. Sandwich? Baby. Eat the, President, lake. Like that prose? That is James Joyce. The king of gibberish. I made it up. But when he

does it, it is a classic. When I do gibberish, it is not. Why?What the hell is going on with Finnegans Wake??? I don't know.Joyce must be the genius of gibberish.I don't get it.
