All Music Guide to Classical Music Alfred Music Publishing

Motown means different things to different people. The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye, Diana Ross, Stevie Wonder, The Temptations, The Jackson 5, The Supremes and numerous others. With each group recalled, there is an accompanying piece of music of the mind, from Baby Love, My Girl, Signed Sealed Delivered, I Heard It Through The Grapevine, ABC and Tears Of A Clown and countless

more. Quite often, you can ask people what kind of music they like and they will simply answer 'Motown', and both they, and you, know exactly what is meant. Or rather, what is implied. The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly, dance orientated hits, most of which were written and produced by the trio of Brian Holland, Lamont Dozier and Eddie Holland. This period is referred to, naturally enough, as the Golden Era, when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world. The kind of music that had them Dancing In the Street from Los Angeles to London, Miami to Munich and San Francisco to Sydney. It was the kind of music that attracted scores of imitators; some good, some not so good. The kind of music that appealed to the public and presidents alike, and still does. It was that Motown that this book was intended to be about. However, when you start digging deeper into the Motown story, you realise that throughout its life (which, for the purposes of this book, is its formation in 1959 through to its sale in 1988) it was constantly trying other musical genres, looking to grab hits out of jazz, country, pop, rock, middle of the road and whatever else might be happening at the time. Of course it wasn't particularly successful at some of the other genres, although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth, the group, and focus instead on the total sales achieved on Rare Earth, the label. This book, therefore, contains biographies of all 684 artists who had releases on Motown and their various imprints, as well as biographies of 16 musicians, 23 producers, 19 writers and 13 executives. There are also details of the 50 or so labels that Motown owned, licensed to or licensed from. All nine films and the 17 soundtracks are also featured. Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries, with 222 singles, 84 albums and five EPs being featured. Finally, there are 36 other entries, covering such topics as the Hollywood Walk of Fame, the Motortown Revues, Grammy Awards and the most played Motown songs on radio. The 1,178 entries cover every aspect of Motown and more - of the link between Granny in The Beverly Hillbillies and Wonder Woman, of the artists from Abbey Tavern Singers to Zulema, and the hits from ABC to You Really Got A Hold On Me. The Motown Encyclopedia is the story of Motown Records; Yesterday, Today, Forever.

The solo section is written so that it can be played as a solo or in unison (or octaves) together by any ensemble, including the entire orchestra, with or without piano accompaniment. The arrangement for string orchestra that follows uses the same rhythms and melodic lines included in the solo section. The first song can be played after the first six notes are learned in any string method and the pieces progress to about a level two. These arrangements are excellent supplements for enhancing any student's knowledge of popular music from the 20th century and are great concert material. The comb binding creates a lay-flat book that is perfect for study and performance. Titles are: Augie's Great Municipal Band * Eye of the Tiger * Blue Tango * All I Want for Christmas Is My Two Front Teeth * Theme from Ice Castles (Through the Eyes of Love) * (Meet) the Flintstones * The Rose * This Is It! * I'm Walkin' * Merrily We Roll Along * Animaniacs * Star Wars (Main Theme) * Theme from Superman.

REVIEW OF STAR WARS MAIN THEME POP SHEET MUSIC

- According to the USDA, fewer than 2% of Americans are now farmers. Only 17% of Americans now live in rural areas, and some urban kids don't even know that produce comes from somewhere before the grocery store. So what does a Nebraska-set farm novel have to say to the internet generation? Plenty. Has your family ever struggled with poverty? Had a parent die and shouldered their responsibilities? Siblings who doubted your plans and ideas? Been unhappy in a marriage--or fallen in love with someone already married? Pondered the benefits of putting down roots versus the freedom of travel? These are some of the major themes of the novel, and they will be just as relevant in 2013 as they were in 1913 when the book was written. And in addition to the timelessness of the key topics, Cather covers a wide range of human emotion, which she captures in numerous memorable phrases. About the protagonist, Alexandra, she writes "There is often a good deal of the child left in people who have had to grow up too soon." About a second marriage late in life, she observes "this marriage was an infatuation, the despairing folly of a powerful man who cannot bear to grow old." And finally, about life, she says "People have to snatch at happiness when they can in this world. It is always easier to lose than to find." And a final sample, an observation that will be familiar to anyone who has moved to California or overseas to start something new: "There are always dreamers on the frontier." So in summary, a powerful story of work, family, love, and hate--and unlike the last novel I read with substantial farm setting (Anna Karenina), tightly edited and quick reading. It made me cry a little bit at the end when I first read it in college--and it still did ten years later.

- Martha C. Lawrence's "Murder in Scorpio" is the best first novel I've read in years. The novel's heroine, Dr. Elizabeth Chase, Investigator/Parapsychologist, is not only strong-willed and intelligent, but made vulnerable by having (legitimate) psychic abilities which allow her to sense and feel the sensations, emotions and motivation of both victims and perpetrators of crime. "Murder in Scorpio" is a very interesting read. (I stayed up all night and read the whole book without putting it down!) Since, I've really taken Ms. Lawrence's sleuth to heart and have read her next book: "Cold Heart of Capricorn" (chillingly good!). I'm now waiting for her third Elizabeth Chase tale to make its way to the printed page. Martha C. Lawrence (a Sister in Crime author) was nominated for the Agatha, Anthony Bouchercon and Edgar literary awards for "Murder in Scorpio" - winning the Edgar for Best First novel. Well deserved! For a cozy night in front of the fireplace curled up with a great book, "Murder in Scorpio" is a winner. Don't miss it!
