consultant Annie Auerbach takes a fresh look at women's professional lives today by rethinking the 9 to 5 in this "no-nonsense guide to thinking and behaving more flexibly in order to have a happier, better, less frenetic life" (Marie Claire)—now widely available for American readers and updated with an author note addressing work in the post-Covid age. The recent coronavirus outbreak has proven what Annie Auerbach has long championed: working 9-5 in an office doesn't work for most of us. It's time to change the rules. We can be efficient and productive when we're allowed the freedom of flexibility—to meet deadlines working during the hours and in the places we choose.

But before the coronavirus pandemic, only 47 percent of American workers had access to flexible working options. Annie Auerbach advises major corporations, including Nike, Google, Unilever, and Pepsico. She understands work culture and the needs of employees. The world is changing for working women, but until the recent pandemic, companies turned a blind eye. Now, it's time to make this change routine. Auerbach reiterates the importance of leaving the office cubicle behind and explores the realities many women experience working from home and the changes to their daily lives, including the trickle-down effects, from emotional labor to

balancing childcare and education with work, to even biohacking the female body's unique rhythms. What happens when women embrace the concept of flex? We become more creative, more strategic with our time and energy, and more engaged with our personal lives. As Auerbach makes clear, we reject "our toxic culture of presenteeism, time-pressure, and ultimately burnout. It helps us escape the army of octopus lady jugglers, crazed with the exhaustion of "having it all." It allows us to live longer lives more sustainably. It gives us self-worth."

### **REVIEW OF DETYRA TE ZGJIDHURA NGA KONTABILITETI MENAXHERIAL**

- I read "The Giver" with my class in English lessons. The book handels about a young boy who lives in a community in which no color and no feelings exist. Although this was my first English book, I've ever read, I've had some difficulties at the beginning, but in the end, I've understood almost everything. A big compliments to the author for her open

ending. So everybody can imagine his or her own ending and Jonas' life in future. That's the very interesting thing of the book.

- I liked the book, *The Giver*, because it told you what life would be like if we lived in a "perfect" world. The story is quite confusing though. It took me a couple of chapters to realize that Jonas calling himself an Eleven, or a Twelve, wasn't a typo, and they really say, "Congrats, Sally, on becoming an Eight." The book also made me thankful for what I have. In the book, no one besides the Giver, who is the Receiver of Memories, and Jonas, a boy in training to become the Receiver of Memories, knows about all the joyous, and sad, and

colorful things in the past. Like playing games with your grandparents, sledding through snow, or lying out on a beach on a sunny day. In this "perfect" world, there is no color. There is black and white, no red or blue, or purple. Everything is perfect. Towards the end of the book the Giver and Jonas devise a plan to escape. I still don't know exactly what this plan is. I thought the entire time Jonas was escaping the village, riding through the trees on his bike, and sleeping under bushes, that he was going to jump in a river and drown himself. I thought that because the Giver and Jonas had talked about it a few times. As I said, it's confusing, but it's a good read. It makes

you think about what your life would be like if you lived in the town with Jonas, in a world where everything is decided for you.
