REVIEW OF ATCN TEST ANSWERS

- It's nice to finally see a book that focuses on Zeppelin's secret weapon, Bonzo. Not only was he one of the greatest ever, his drum SOUND was without parallel. Reading about how he tuned his drums and other information about he got that sound was invaluable. Like another reviewer stated, too much time was spent on his pre-Zep days, and not enough as part of Hammer of the Gods era. The last chapter, with individual tracks explained was great, but it also have been nice to see some transcriptions of some of his amazing fills, etc. If you buy this book, you also owe it to yourself to buy the new Zeppelin DVD, which allows to see Bonzo in action in a serious way for the first time (it's light years better than "The Song Remains the Same."). If you do want to know where John's greatness came from, this book is a good place to start.

- Matthew Fox has "rediscovered" mystical Christianity, which celebrates the "Christ" present in all of creation. Such mysticism was a significant movement within Christianity during the Middle Ages, but it was effectively silenced by the centralized Church and then ignored when enlightenment ideologies favored much more reductionistic, as opposed to mysticism's more holistic, thought. Fox astutely notes that the same worldview expressed by mystical Christians has also been appreciated by Jewish and Muslim mystics, and by aboriginal peoples. He is particularly drawn to Native American traditions. Fox suggests, I think correctly, that spiritualities that focus on personal salvation with little regard for the rest of Creation tend to be spiritually unfulfilling for the individual and destructive for the world.
