REVIEW OF FINANCIAL

DERIVATIVES QUESTIONS AND SOLUTIONS

• I was hoping for a long more than this from Sontag and the National Book Award committee. The story is somewhat of a cliché and the characters -- while noble in a sense - - are somewhat dull

and overly introspective. This was a chore to finish.

- An excellent collection of short fiction. Each tale is as compelling, as it is entertaining. Conrad is one of the best short story writers ever he is like a darker Stevenson who delves into the human psyche.
