REVIEW OF EPIC OF GILGAMESH ROSEMIKE

- First I will say if it was not for the Kindle, I probably would not have attempted to read this book as I tend to stay away from long heavy books in hard to read typeface, however with the Kindle it becomes much easier to read such a book. I will not try to explain the book as many other readers have already done so. The one thing I found a

bit difficult was that the same characters had different names and titles, this plus the number of characters made it a little hard to follow in some parts what was happening. Also I am not used to the French terminology which also hindered somewhat my understanding. Nonetheless it is a deep and complicated work which comes together in an interesting and comprehensive manner. It also gives a good picture of Parisian society as it existed in the early nineteenth century. I found a lot of similarity between it and Russian society as painted by Tolstoy in "War and Peace". One thing that surprised me was the Count's treatment of Mercedes, if I was in his position I know I would not have treated her as a betrayer and do not in fact think that she was. It was also

surprising to see that hashish was so romanticized in that period, I would not have guessed that there would have been any great awareness of it at that period of time.

- 'The Count of Monte Cristo' is, in my opinion, the greatest book ever written. The first time I read it, I was 13. I was at summer camp and read the book in 3 days. I'm 19 now and I have read it around 15 times. I never get tired of the story. I love how Dumas writes subplots that all get entwined all through the book. I've read the abridged version, too. It's not even close to being as good as the original. If you only read the abridged one, you'll miss a lot of the plot that is very important. Anyways, I love this book so much and I want everyone else to too!
