3 things to know about the focus of Dynamic Business Law, 2e: Emphasis on ETHICAL DECISION-MAKING. In chapter 2, the authors introduce a framework for making ethical business decisions that students can use on a regular basis. Following each case there are questions designed to train students to apply this approach. Then repeatedly throughout the chapters, questions about business ethics are raised in the text. This framework is designed to help improve the learning process of students and to give a sense of relevancy to the ethical decision making process. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to further tie in this component. Emphasis on the BUSINESS in business law. Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Students need to understand how the concepts they learn in this course tie into their business careers. Instructors can easily show that the study of business law is best seen as a foundational component of the larger study of business administration. Dynamic Business Law now includes Connect Business Law as a packaging option. Connect includes Interactive Applications for each chapter of the textbook and helps students apply legal concepts to business, stimulates critical thinking, and reinforces key topics. Overview: Dynamic Business Law, 2e is appropriate for the two-term business law course. Emphasis on the BUSINESS in business law. Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly "defending" the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to further tie in this component. Instructor's Supplements: The Online Learning Center contains the complete IM, Test Bank, PowerPoint, image library, and video clips. Exciting and new examples from outside the text are also included, and can be discussed in class to help generate excitement and involvement in the course from students. Test Bank: The Test Bank, developed by Vonda Laughlin of Carson-Newman College, contains a variety of true/false, multiple choice, and essay questions - as well as "scenario-based" questions, which are application-based, and use a situation described in a narrative, with 3 - 5 multiple-choice test

questions based on the situation described in the narrative. We've aligned our Test Bank with the new AACSB guidelines, tagging each question according to its knowledge and skills areas. Categories include Global, Ethics and Social Responsibility, legal and other External Environment, communication, Diversity, Group Dynamics, Individual Dynamics, Production and IT. The "Basic" set consists of an outline of each chapter. The "Premium" set expands on this outline to include hypotheticals and ethical dilemmas, allowing the instructor to incorporate application into the lecture. Instructor Video DVD (ISBN: 0077339118, 13-digit: 9780077339111): The Instructor Video DVD contains video clips from CBS that highlight current legal issues. REVIEW OF BUSINESS LAW TODAY THE ESSENTIALS 10TH EDITION LERVA

- I found I preferred this book to the Richard Jury mysteries. I used to read them avidly, but I tired of his recurring characters. I thought they were flat and cartoonish. This book, on the other hand, portrays a complicated and endearing main character. The mystery itself is not that complex. The enjoyable part is the way in which the story is told.

- Overall I liked this novel, and what it represents to women 'of a certain age' as the phrase goes. Second chances, trusting in yourself despite the odds and what experience has taught. Sometimes it ran a little sappy for my taste, though, especially in the e-mails between Jane and Jack. A quick but decent read.
