REVIEW OF SATELLITE MAGAZINE URDU

- This is the first and probably last Stephen King book I'm aware of having read. I could not put it down and now I understand why he's so successful. The guy just knows how to tell a good story. I read his book in one night and I do not like horror. I don't watch horror movies, I get freaked out really easily by monsters, especially the looming kind- I sometimes suspect they're standing behind me when I'm in the shower and scream for my boyfriend to come in, and my boyfriend laughs at me because he can tell by how quavery my voice is when I say his name how sure I am he's not been body-snatched. After I read this book I wikipedia-ed the plots of all his other books because I didn't think I could withstand the emotional strain of actually reading his stuff but I was still seized with curiosity to see what he wrote. Cheating, I know. King is a master because he introduces all these characters right off the bat, gets us to like them, built up this kind of ominous but super interesting mystery of what had happened in their pasts, and then mercilessly kills off a bunch of your favorite characters and blankets the others in a pervading sense of doom. But the others are still alive so you keep reading with the fearful hope that they, along with the rest of the human race, are spared. I suspect this book is not King's best work because he does do some other shenanigans that I'm amazed he's ballsy enough to try to pull over us. For example he brings in the military halfway through the book and a slew of new characters for us to learn about who for whatever reason are never as endearing as the first ones he killed off. Then he mixes together not only supernatural psychic powers but also aliens. You have to admire his boldness- he introduces not 1 but 2 suspension-of-disbelief things, makes them both central to the story, and then throws in a bunch of violence with guns and stuff, and expects us to buy it. And we do. All hail the King.

- The ideas Hilary Mantel deal with in this book are interesting and I enjoyed her depiction of 17th c. London. However, in spite of her beautiful writing, I found that none of the characters engaged me and the lack of any dramatic tension or plot was a bit annoying.
