Raw and true to the street, no one
 portrays the underground like the
 godfather of urban lit, Donald Goines.
 Trapped in jail for a petty crime, Prince
 hatches a scheme from his cell to make
 it big. Once Ruby, the only woman
 worthy of his brutal ambition, joins him
 on the outside, they take down Detroit
 one hustle at a time.

REVIEW OF BLACK GANGSTER DONALD GOINES

- Being a long time sufferer of psoriasis I can say that this book didn't tell me anything I didn't know already. But then again I have battled and won for the last 16 years of my life. And if many of the sufferers out there are as jaded as I am, then we all know what's best and that's that. There are many people out there that, I think, would benefit from the information provided in this book. Namely children or teenagers living in a family where they are the only sufferers. It can be hard if no one around you knows what's going on with the condition. This book provides enough information to help educate the families

and sufferers as to what's going on and good treatment alternatives. There are some interesting sections devoted to stress and diet and UVB that would be a great starting point for many afflicted recently or those looking for a good starting point for their children.

- The sad reality is that year after year fewer American students are going into the fields of science and the best students (and teachers) are increasingly brought in from overseas. Most recently non-citizens in the U.S. have received more Phds in the sciences and engineering than citizens. The fact that (un-)intelligent design is given a sounding board or that idiots like Phd theologians are pining on scientific theory shows how far we've fallen behind. In a generation or two moronic ID theories will vie hand in hand with New Age idiot beliefs while leadership in real science and technology migrates to Europe and Asia. Shame.
