REVIEW OF ELECTRONS IN ATOMS STUDY GUIDE

- This isn't one of Grisham's best, but it did keep my attention. It does start out slow, but Grisham does a good job of making you sympathize with his characters

- I was ready for a great story in typical Grisham style. What I got was a chick flick. I usually quit a book like this after 90 to 100 pages. I should have this time. However, I kept hoping the story would get better. Save your money and re-read the firm.
