REVIEW OF CHAPTER 7 GEOMETRY NOTES

- I have never seen anything like this before. I have several industry books but nothing like The Yellow Pages. It is easy to read, just like regular yellow pages. I downloaded the book and I had instant access, accurate information because it is updated several times a year. This book is a must!!! Anyone entering into the music industry will need to have a wonderful book of resources and this in the ONE!

- I think the fact that I have bought five copies of this book says it all. It is a great read and a great recipe book.
