REVIEW OF TREGIME FANTASTIKO

SHKENCORE PER FEMIJE

• After reading this book I can only say that the author is selling something unreal , the figues he uses in the book are totally unrealistic . talking about 10 and 12 to 15 percent returns on investment , like they are the readers just for the taking .his advice reminds me of the old Steve Martin shtick on how to become a millionaire , Steve says " O.k. first you get a

million dollars then..."This is basically what the author is saying, This book has no real pracital advice , It is just another author getting rich telling everyone else how to.Very disappointing , I would not waste my money if i were you .

• I had a copy of this book but could not find it. I ordered one for me and one for my daughter as it is a great book to use as a guide. I received it in a timely manner in great condition. Thank You !!!!
