REVIEW OF MATHEMATICS SL PAPER 2 TZ2 MARKSCHEME

- Una novela fascinante que impulsa a la imaginación a volar hasta lugares míticos como Macondo. Es un libro que nadie debería dejar de leer. Indispensable obra de la literatura universal. García Márquez logra hacer vivir a los Buendía en una historia llena de magia, amor y desamor, fantasmas, sangre, recuerdos, tiempo...
- Gabriel García Márquez who has created in "One Hundred Years of Solitude" an enchanted place that does everything but cloy. Macondo oozes, reeks and burns even when it is most

tantalizing and entertaining. It is a place flooded with lies and liars and yet it spills over with reality. Lovers in this novel can idealize each other into bodiless spirits, howl with pleasure in their hammocks or, as in one case, smear themselves with peach jam and roll naked on the front porch. The hero can lead a Quixotic expedition across the jungle, but although his goal is never reached, the language describing his quest is pungent with life: "The men on the expedition felt overwhelmed by their most ancient memories in that paradise of dampness and silence, going back to before original sin, as their boots sank into pools of steaming oil and their machetes destroyed bloody lilies and golden salamanders. For a week, almost without speaking, they went ahead like

sleepwalkers through a universe of grief, lighted only by the tenuous reflection of luminous insects, and their lungs were overwhelmed by a suffocating smell of blood." This is the language of a poet who knows the earth and does not fear it as the enemy of the dreamer. Near the end of "One Hundred Years of Solitude" a character finds a parchment manuscript in which the history of his family had been recorded "one hundred years ahead of time" by an old gypsy. The writer "had not put events in the

order of man's conventional time, but had concentrated a century of daily episodes in such a way that they coexisted in one instant." The narrative is a magician's trick in which memory and prophecy, illusion and reality are mixed and often made to look the same. It is, in short, very much like Márquez's astonishing novel. This book gives you kind of a feeling of living in a dreamland that is all too real. I highly suggest checking this book out asap
