Join our area today and begin your trip into the world of literary works with simple downloads of all your preferred publications like **Interpersonal Communication By Kory!**

## REVIEW OF INTERPERSONAL COMMUNICATION BY KORY

- Brant lets the reader decide in this biography of Lynyrd Skynyrd. As you would expect with the money and ego involved, the many characters involved with Skynyrd over the last 25 years have a different perspective on events. They are not hesitant to give their versions. The author has not taken sides, nor tried to interpret, the sometimes destructive relationships that were defined by casual sex, drug addiction, alcoholism, and money. Instead she lets the band tell the story. The reader is left to his own conclusions. In my opinion, these are talented, but not very nice people. This is a fan's book, and there is much to enjoy about the band's story. The author has obviously talked to many people, and the story is very interesting. The message I get from the book is that Rock and Roll, for all it's glamour, is a tough business, for tough people. Skynyrd has succeeded while most have failed. These guys have a lot to offer. Read this book, and you will understand them much better.

- I read the whole book waiting for it to get good. Too many storylines for such a short book. If Ms. Coulter wanted this to be an good book she would have been better off spending more time developing the relationships between the characters. Corrie is the only character that was adequately developed (note adequately development is just that merely adequately) You dont get the opportunity to feel the stresses and the emotions b/c you dont really understand the characters. Granted this is a mere romance novel and one shouldnt expect much. But this is definitely the worst book I've ever read. I felt more emotion out of the stoic Edward Wilson in the Movie "The Good Shepard" Fortunately "Jason" was developed a little more towards the end to allow "Lyons Gate" to be a potentially decent Romance nove. I'm definitely going to go read the reviews on it first before I waste my time, though.
